

2008 Rules, Student Fee Form & Entry/Fee Form

Student Eligibility

Students currently enrolled in public or private school grades 9-12 are invited to submit published or unpublished work in any category.

Submissions

Each entry must have its own Entry/Fee Form. All entries will be submitted and judged in JPEG format, except for new media Multimedia Category 10, 11, and 12. No slides or prints will be accepted.

All JPEG entries must be submitted with resolution suitable for on-screen presenting and judging. Acceptable files range from around 700 x 900 pixels to 1400 x 1800 pixels. There is no exact size required, but our judges should be able to see your illustration, photography, and/or graphic design clearly. Important: File should be under 5 MB.

Judges must be able to read any important text when viewing the file at 100% on screen. If your graphic design entry has small text relevant to the communication, you may submit a second image showing a close-up view of this text and name both JPEG images the same but add "close" after your initials in the file name.

Submit each category JPEG entry with a file name consisting of: category #, entry # (1 for first, 2 for 2nd, etc.), first three letters of last name and 1st initial of first name, school initials (example: ttc-1c for Tulsa Technology Center, Lemley Campus).

For Example:

Entry 3_2_smij_ttc-1c.jpg is the 2nd entry in Category 3 for Illustration-Black & White-Digital Media from John Robert Smith of Tulsa Technology Center, Lemley Campus.

Entry 15_4close_robs_mca-t.jpg is the close-up version of the 4th entry in Category 15 for Graphic Design Magazine from Sally Ann Roberts of Metro Christian Academy, Tulsa.

Submission of Digital File:

All digital files from each school should be burned to a single CD ROM for submission. Student entries are to be placed into one folder with the student's Last Name underscore First Name (Example: Smith_Robert). Then each student entry file(s) should be placed in its own folder using the name of the entry Category Name and Number if it is a multiple entry (Example: 8_Photography_Color_2). All CD's must be burned as a hybrid so it can be viewed on a Mac or PC. A print of the CD index should include:

- 1.) School name
- 2.) School contact name
- 3.) Contact information
- 4.) Student files with entries

*Note: Submit each entry for the Multimedia Category 10, 11, and 12 on a single CD-ROM or DVD. Include only those files necessary for viewing the final work. For projects created with Macromedia Flash, Macromedia Director, or a similar multimedia authoring application, include only stand-alone executables.

For example; Output Flash and Director projects as stand-alone "projector" files; do not include editable, project files. Where possible, include executables for both Macintosh and PC platforms. If that is not possible, clearly indicate the type of computer required to run the project. Web pages should be viewable by Firefox, Internet Explorer and Netscape Navigator. Make sure there is only one entry on each CD-ROM or DVD. If you have 2 entries in a category, put each one on a separate CD-ROM or DVD and indicate on the surface of the CD the Category Name, Number, Student Name, File Name, School, and Title of entry.
